## CENSENCAM-W

Smart Outdoor Sensor with Camera

The PSA Centrii Smart Outdoor sensor takes your standard outdoor sensor and amps up its security potential with a built-in camera that can be viewed remotely via the PSA Centrii App, alerting you to movement and allowing you to record events, set lighting timers and deter unwanted visitors with the 2-way microphone.

### Features

- Remote Access**  
 Receive alerts, view and control your lights from anywhere.
- Lighting Presets**  
 Schedule lights to activate from dusk to dawn or for preset hours from dusk.
- High Resolution**  
 Full HD 2MP camera with microphone & speaker
- Record**  
 Record on MicroSD card (not supplied) or cloud recording (subscription) and playback via PSA Centrii App
- WeatherProof**  
 IP65 weatherproof housing for wall or ceiling mount
- Upgrade**  
 Upgrading existing outdoor sensors is easy with similar footprint and mounting holes to major models in the market.

### PSA Centrii App

Free app provided, support remote viewing on iOS or Android
