

## EV Rescue Wall Mounted Kit - Volt Safety

Volt's EV Rescue Kits are a must-have kit for people working around EV vehicles and are designed to be used by the rescuer/safety observer in the event of an electrocution. It enables the rescuer/safety observer to safely perform rescue from a EV vehicle without being electrocuted, and includes contents to provide relief for the victim.

**NB** The insulated gloves supplied in this kit are required to come in size 11 to ensure the gloves can fit different rescuers/safety observers. The gloves are stamped 'RESCUE USE ONLY' to state that they should not be used as everyday working gloves, as the gloves need to be suitable for purpose in the event that a rescue is required.

### Key Features:

- Ensures that there is always a EV Rescue kit available on-site
- Kit Size: 37cm width x 45cm height x 21cm depth
- Kit Weight: 10.5kg with all kit contents
- Brightly coloured box to ensure kit is easily findable in dark environments
- Straps inside the box to ensure contents stay in order
- Comes with 4 strong mounting bolts
- Durable, heavy duty box
- Sturdy 'Isolate Here in emergency' sign with attachment string

SKU/Part #  
KIT-LVR-WM-EV
