BENEFITS

Be cool in no time at all
Ever popular, window/wall models give you the comfort of
reverse cycle air conditioning without the need for expensive
installation. In fact, some models are so relatively easy to
install you could even do it yourself.

Compact
The super compact design means that window wall cooling only
air conditioners are discreet and unobtrusive in your home.
They are also perfect for cooling smaller family homes and
space-restricted areas.

Control from your armchair
The remote control unit lets you conveniently control all
functions

Fresh air delivery
The fresh air return provides additional ventilation to your room
and can also assist in humidity control. The easy-to-service
dust filter removes dust and other larger airborne particles for
cleaner air.
