

VHSL0112 Insulated Hacksaw

Major Tech's VHSL0112 is a 300mm 1000V Insulated Hacksaw designed for secure use on live conductors up to 1000V AC, adhering to IEC 60900 standards and individually tested to 10,000V. This heavy-duty, ergonomic professional metal hacksaw ensures safety with its full insulation. The hacksaw features a non-slipping two-component safety soft handle, providing a comfortable and secure grip during use. With dimensions of 460mm in length and a 300mm blade, it offers a robust solution for various cutting applications in electrical work.
