

VTH125 1000V Insulated 1/2" T-Handle

Safety is paramount when working with live conductors, and Major Tech's 1000V Insulated 1/2" T-Handle ensures just that. Fully insulated for use on live conductors up to 1000V AC, this tool adheres to strict IEC 60900 standards. The VTH125 T-Handle is meticulously tested to 10,000V, providing unparalleled protection. Crafted from robust chrome vanadium steel, it guarantees durability and reliability. With a 1/2" (12.7mm) size and a length of 205mm, this T-Handle is versatile for various electrical tasks. Whether you're an electrician or a DIY enthusiast, this tool ensures that your electrical work is not only efficient but also safe. Trust Major Tech for precision and safety in your electrical projects.
