

STOP

**YOUR COOKING
EQUIPMENT
BEING BEATEN,
BATTERED AND
POACHED.**

The Clipsal Stove Plug, Lead and Socket is the result of requests by builders to be able to deliver and plug in all cooking equipment just before the new owners arrive.

This stops cookers being poached by thieves, and prevents costly damage that can occur to appliances when building and decorating is still in progress.

Simply specify the stove plugs to your appliance supplier and the plates to your electrician, who can then complete and test the installations without the appliances being in place.

Stoves, wall ovens and hotplates can then be delivered with the required leads attached, ready to simply plug in on arrival.

Less worries for you and the home owner.

Now you are able to offer home buyers a variety of appliances, which can then easily be delivered and plugged in when the new owners move into the home.

The Clipsal Stove Plug also enables the home owner to unplug the appliance for cleaning, maintenance or replacement, without the need to call an electrician.

The slimline plug will fit behind virtually any appliance, but is discreet and attractive enough to be in view if necessary. A special latching mechanism is included to prevent accidental removal of the plug

Product Range

Cat. No.	Description
800CL	1.8 metre 4mm ² 3 core lead complete with 32A 3 pin (in line) plug. Suits 31 VCS and 2031VCS sockets.
31VCS	32A 3 aperture (in line) unswitched socket mounted on a Standard Range flushplate.
2031VCS	32A 3 aperture (in line) unswitched socket mounted on a 2000 Series flushplate.

Features

Socket

- Full 32 amp. rating flushplate socket.
- Low profile connection.
- Latching mechanism to prevent accidental removal of the plug. (A screwdriver or similar tool is required to remove plug from socket.)
- Socket plate has in-line terminals for easy termination.

Plug

- Full 32 amp. rating.
- Plug lead has 'boot lace' crimps for easy termination with no stripping required.
- Allows appliances to be easily moved by home owner for cleaning or maintenance.
